Basics

Power ON/OFF

Press the Power Button to turn the player on/off. You can also set the sleep time.

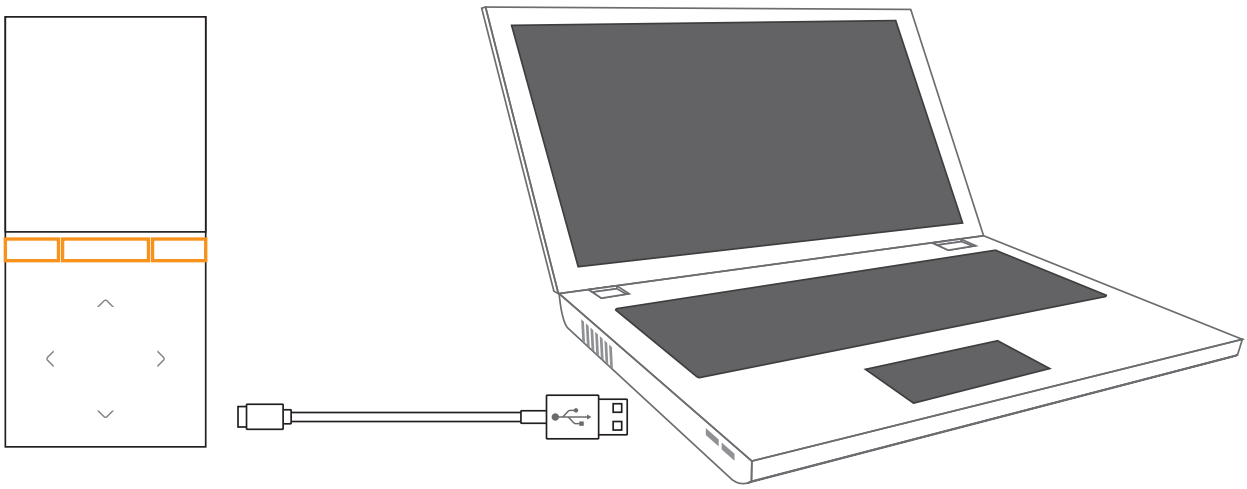
Charge

The battery life is approximately 15 hours. When the player shows “low battery”, please use the supplied USB cable for charging. When the player is charged, the charging mark will be shown on the screen.

Note: If there is any background hiss with the player, please increase the volume to above 5 and turn off it to solve this problem; turning off the player at the volume of above 5 can help avoid this happening.

Connecting the HM-700

Connecting Your HM-700



1 Use the supplied USB cable to connect HM-700 to your computer.

2 Copy the file or folder to your player by dragging and dropping.
